Dear Editor,
I am a student and this is my first time of reading SPPP and about socialism. I believe that the analytical and informative articles given in a condensed form are precisely what I need as a student to better understand social history and the modern world with its problems and how these problems are dealt with in the Soviet Union.

W. T. AKUMIAH,
student from Ghana

I think that now that a sweeping anti-communist and anti-Soviet campaign is being conducted in the West it is necessary to read books and magazines depicting life in the USSR, which we know so little about. Much is being said here about "violations" of human rights in the Soviet Union but nothing about Soviet achievements and in particular about Soviet sports achievements. Soviet athletes, along with GDR athletes, are the best in the world. I first came upon APN publications at "l'Humanité" festival.

We are a group of socialists from the IFE University in Nigeria. We are determined to help liberate the world from the shackles of imperialism. We are sure that Marxism-Leninism is the only teaching which can show the way to peace, progress and freedom for all nations. We have decided to set up a library and we ask you to help us to acquire books by sending literature on Marxism-Leninism and other materials on socialism.

AKIN AKINGBULU,

The letters which demonstrate the interest of our readers in SPPP are quite numerous. Most of them contain a request to help the undersigned to subscribe to the digest (e.g. K. A. Aristide in Benin; C. K. Mwende in Tanzania; J. A. Kessie in Ghana; Z. Med in Morocco and others).
