Announcement of Bulletin in Defense of Marxism Active Supporters Conference

The *Bulletin in Defense of Marxism* proposes to hold a conference of its active supporters on Memorial Day weekend in 1994 at Chatham College, Pittsburgh, Pennsylvania. The purpose of the conference will be to assess the work of the magazine since it was reorganized on a new basis in September 1992, to lay out perspectives for the further work of the magazine, and to raise funds and involve more supporters, so that the magazine can continue to meet the need for the kind of revolutionary Marxist, Fourth Internationalist journal that *BIDOM* has been since it began publication in 1984, carrying on the best traditions of the American Trotskyist movement.

The conference will also elect a new Editorial Board on the basis of a preconference discussion period that begins this month (February 1994) and that is open to all active supporters of the magazine. Active supporters are those who have a full one-year subscription to *BIDOM* (\$24), have made an additional supporter's contribution (minimum, \$20), and are committed to the aims expressed in *BIDOM*'s "Who We Are" statement of purposes. Active supporters have the right to participate in the preconference discussion and in the election of the new Editorial Board. The last day by which one can be registered as an active supporter for purposes of participation in the conference and preconference discussion is April 15, 1994.

For more information write to *BIDOM* at P.O. Box 943, Village Station, New York, NY 10014.

- 1 year — \$24** Plus, your choice of one of the following:
- American Elections and Issues Facing Working People*
