CRED CARD

For All Those Special Occasions

"Supreme irony!" he mutters under his breath. But her confident smile suggests she's well aware of the apparent contradiction.

**She's using her
Marxism Today discount
card, yet again.**

Cred card is different. For a plastic discount card it's got enormous style. Style that endures . . . for a whole year. Used as many times as you like. It actually saves money too. Not just a free glass here or 50 pence off there. But pounds; at our selection of over 100 of the yummiest places nationwide: special offers at shops and on services which could save you the cost of the card on one purchase.

There's more to it than that. The Cred Card is a symbol. An undeniable sign of good taste and economic sense. At only £10*

Cred Card is more than a new cultural phenomenon. It's a darned good buy.

*in fact, discounts also include free meal for a third person, two tickets for price of one, free bottles of wine and club membership rates, and press invites.

Please send me a Cred Card and matching catalogue, with lists of venues.

* I enclose £10 (+ £1.50 VAT). * Card valid until 1st Jan 1989. Make cheques or postal orders payable to **Marxism Today Cred Card**
