# CRED CARD

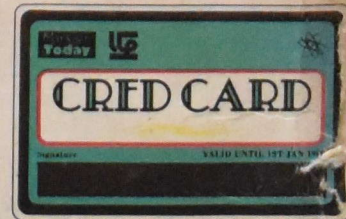

## For That Special Occasion

She's just bought the meal using **Marxism Today Cred Card**. He's *impressed...* The chianti was on the house. And that's the third time this month!

**Now he's considering a Cred Card himself.**

Cred card is different. Unusually, for a plastic card, it isn't backed by faceless finance. Nor is it only a modern convenience. It actually saves money too. Real money. Not just a free glass here or 50 pence off there. But pounds; at our selection of over 100 of the yummiest restaurants, clubs, theatres and cinemas nationwide: special offers at shops and on services which could save you the cost of the card on one purchase.

There's more to it than that. The Cred Card is a symbol. An undeniable sign of good taste and economic sense. At only £10\* Cred Card is more than a new cultural phenomenon. Its a darned good buy.

Please send me a Cred Card and matching catalogue, with lists of venues.

\* I enclose £10 (+ £1.50 VAT). \*Card valid until 1st Jan 1989. Make cheques or postal orders payable to **Marxism Today Cred Card**.
