Namibia must be free

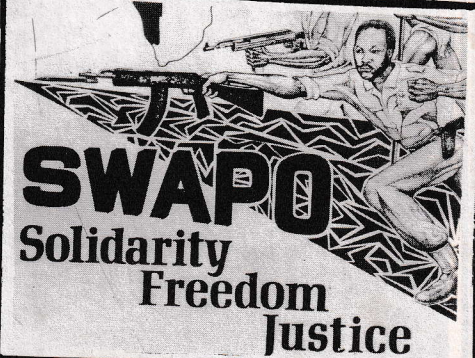

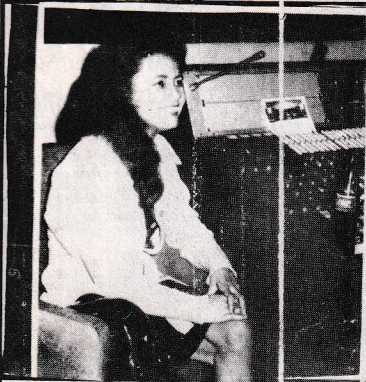

How realistic is the materialisation of the end of the struggle for self-government in Africa? With the near collapse of the OAU and two unsuccessful Tripoli summit, disillusionment is almost see in the faces of some combatants and the smiles of the struggle continues. 42

WOMEN IN ENGINEERING: PLIGHT AND CHALLENGES

When engineering is mentioned, the first picture that enters the average mind is someboby going under the car to do some repairs. How do women engineers cope?
